

### Our mission

is to foster high-quality public school choices offered through institute charter schools, including particularly schools that are focused on closing the achievement gap for at-risk students.

### ABOUT CSI

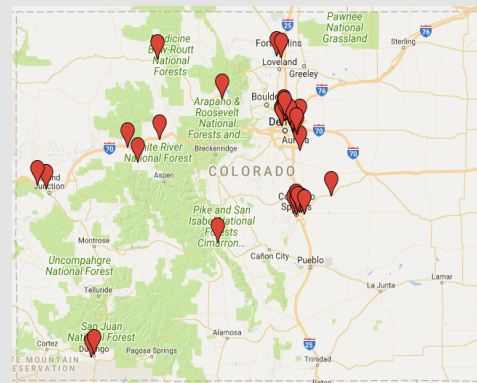

CSI is a statewide charter authorizer that seeks to foster high quality charter schools.

**We believe that every student should have access to high performing school choices.** We provide schools in our portfolio the flexibility to decide their education models and approaches, which allows them to be innovative in meeting the unique needs of their students and community. We believe this leads to greater opportunities for students to reach their potential and a more individualized approach to education.

Our schools are given the autonomy they need to adjust their approach and programming to best meet the needs of their diverse students. While providing our schools autonomy in decision making, we use a transparent set of academic, financial, and organizational performance standards to hold them accountable.

### ABOUT CSI SCHOOLS

- CSI authorizes **41** charter schools across the state, from Fruita to Calhan, Durango to Steamboat Springs, serving over **17,500** students.

- CSI schools offer **12** models, varying from alternative campuses to early colleges, Montessori to military academy, language immersion to project-based learning.
- CSI schools serve a higher percentage of English Learners, minorities, and students that qualify for free or reduced price lunch than the state.
