Report Context

Much of this report was compiled with the resources found in Cooperative Strategies' Enrollment Projections Report for Poudre School District (found here: https://tinyurl.com/y9vfuhnm), as well as enrollment data pulled from the Colorado Department of Education and population data compiled from the American Community Survey and U.S. Census Bureau.

General Information about Poudre School District

Poudre School District (PSD) is located in Larimer County, in the north central region of the state. The city of Fort Collins is the major metropolitan area located in PSD, but there are also schools located in the towns of Bellvue, Laporte, Livermore, Red Feather Lakes, Timnath, and Wellington. The map below shows the geographic boundaries of the PSD (outlined in red).

Map of PSD and Surrounding Districts

Poudre covers 1,863 square miles of the northernmost area of the state, from the Fort Collins area to the border of Wyoming.

Larimer County school districts are Poudre, Estes Park, and Thompson. Weld County includes Windsor and Ault-Highland. Jackson County includes North Park.

Population characteristics and enrollment information is on the coming pages.

There are a total of 57 schools* within PSD, including four schools authorized by the Colorado Charter School Institute (CSI), five charter schools authorized by PSD, two Alternative Education Campuses (AECs), and one homeschool program that has its own school code. **Appendix A** has the full list of school choices in PSD.

*In Colorado, the number of schools is calculated according to the number of school codes associated with each contract. School codes are assigned, upon requests of the authorizer, as a school begins operating.

Population Characteristics

School Aged Children

The below information captures the number and percent of school aged children in the city of Fort Collins and Larimer County. The most recent data available is from the American Community Survey (ACS), which is collected and released by the U.S. Census Bureau. This dataset was released in 2016 and includes summarized responses from 2011, 2012, 2013, 2014, and 2015 for the city of Fort Collins and Larimer County.

The 2016 ACS found that, of the school aged children in the city of Fort Collins, the largest percentage (35%) are 15 to 19 years of age. 22% are 5 to 9 years of age, 22% are under 5 years of age, and 20% are 10 to 14 years of age. All three schools authorized by CSI are in the city of Fort Collins. Results for Larimer County found that the largest percentage (30%) of school aged children were 15 to 19 years of age, followed by 25% in the 10 to 14 year age range, 23% in the 5 to 9 year age range, and 22% under 5 years old. Larimer County has a larger proportion of children 10 to 14 years of age than the city of Fort Collins.

^{*}CEC-FC added a middle school this year.

Student enrollment for elementary grade levels in school authorized by CSI in Poudre decreased by 32% over the past five years. Elementary enrollment was relatively flat from 2014-15 to 2016-17 and has steadily decreased since then. Both schools with elementary grades authorized by CSI in Poudre have seen decreases in overall enrollment (shown in more detail on page 10).

The largest increase in student enrollment is for 6th through 8th grades (from 12 students in 2014-15 to 351 in 2017-18, 2825%). This increase is largely due to the addition of middle school grades at CEC-FC in the 2015-16 school year. Previously, the only school authorized by CSI in Poudre with a middle school was Global Village Academy – Fort Collins. Global Village Academy – Fort Collins is closing after the 2018-19 school year.

High school grade levels mirror the overall results with a 98% increase in student enrollment and a consistent increase in enrollment over the past three years.

Appendix A shows 2017-18 enrollment values for every school. Axis International Academy is opening for the 2019-20 school year so they do not have enrollment values included in these tables.

WHAT DOES "CHOICE" MEAN IN THIS CONTEXT?

These values show Poudre and non-Poudre residents who attend *any* school, including charters or non-charters. Below is an explanation of each group on the graphs:

Choice Into PSD: Non-Poudre residents that choose to attend *any* PSD school over a school in their local district.

Choice Into CSI: Poudre and non-Poudre residents that choose to attend schools authorized by CSI in Poudre over their local district schools.

The four schools authorized by CSI in Poudre are:

- Academy of Arts & Knowledge (opened in 2006-07)
- Axis International Academy (opening in 2019-20)
- Colorado Early Colleges
 Fort Collins (opened in 2012-13), &
- Global Village Academy Fort Collins (opened in 2013-14, closing after the 2018-19 school year).

Non-Poudre Residents Choicing Into Schools Authorized by CSI in Poudre

The chart below shows the population of Poudre residents that choose to attend neither PSD schools nor schools authorized by CSI in Poudre.

The values above show a 63% increase over the past five years of Poudre residents choosing schools outside of the district in which they live, an increase from 294 students in 2014-15 to 479 students in 2018-19.

Map of 2018 Statewide Percentile Rank

Most schools in PSD are rated as the top two performance ratings for academics. Only two schools did not receive the two highest ratings of performance or improvement. These two schools are Lincoln Middle School (#29) and Stove Prairie Elementary School (#50). Stove Prairie is located in Bellvue and has declining enrollment for the past five years. Lincoln Middle School is located in Fort Collins and has increasing enrollment.

Because schools are high performing by state rating in this district, this map uses calculated percentiles for each school based on their total percent of points earned on the School Performance Framework. To do this, each school's total percent of points earned on the achievement, growth, and postsecondary workforce readiness sections of the School Performance Framework was compared to all of the other schools across the state. Each school then received a percentile based on their performance. Schools above CSI's "Performance with Distinction" rating threshold (72.8) received a distinction rating, coded as blue. Performance is coded as green, improvement as yellow, priority improvement as orange, and no value as grey. The one no value school is the PSD homeschooling option. To see all percentile values, view **Appendix A**. 52% of schools in PSD would be considered Performance with Distinction under CSI's rating system, placing them in the top 25% of schools in Colorado.

Map of Schools with an Increase in Enrollment

The map below contains all the schools in Poudre, any schools that have decreased their enrollment size from 2014-15 to 2018-19 are marked as "N" on the map. Schools with increasing enrollment are marked as "Y". Nearly 60% of schools have increasing enrollment over the past five years in Poudre.
