CEC Online Campus students must meet all state requirements for attending a Colorado public school. Online classes allow for some flexibility as students are able to attend their classes and complete their course work anytime during the day or night, and any day of the week. It is important that students consistently login and complete asynchronous coursework, attend synchronous classes when scheduled, communicate with teachers and mentors, and seek tutoring when needed.

CEC Online Campus students must be prepared to dedicate at least 32 hours each week to their course work. Students are expected to attend their online classes when scheduled and to be on time.

Daily attendance is tracked and reported by instructors in Infinite Campus. Students must sign into their appropriate learning platform each day and post all applicable assignments and/or participate in some sort of learning activity for the day. Students are expected to meet annual hour requirements.

Students who take a minimum of 5 courses each semester, which is a minimum of 540 hours of teacher-pupil instruction and contact time per semester, are considered full time by CEC and the State of Colorado. This equates 540 hours/semester in a traditional schedule. (540 hours x 2 semesters = 1080 hours/year).

Sample CEC Online Campus High School Student Schedule

School Year 2021-22 Colorado Early Colleges Online Campus Fall Semester 2021	Student Schedule for Sample Student Grade 10
