Charter Renewal Site Visit Questionnaire

COLORADO
CHARTER SCHOOL INSTITUTE

Dear School Leader,

The renewal site visit schedule will draw on the current implementation steps of the major improvement strategies identified in the Unified Improvement Plan (UIP) as identified by the school leader during the pre-visit call. If needed, organizational and financial components will be added to the site visit if these areas have been identified for improvement in the CARS Report, the CSI Compliance Process, or through conversations with CSI staff and/or Board

While the site visit protocol will primarily focus on areas for school improvement, the visit will also include an opportunity for the school to highlight components of their program that are unique or are a source of pride for the school. Site visits will include instructional observations, focus groups with staff, students, and families, and may include additional components as determined during the planning call.

Please review the form below prior to the pre-visit planning call. After the conversation, an initial draft will be provided to the school leader to review in order to ensure that the outcomes for the site visit are clear and mutually agreed upon.
