

About CSI’s “Our Why” Page

CSI is committed to fostering high-quality charter school options that meet the needs of their communities. Each member of the 20,000+ CSI community of schools has a unique story on why they have chosen a charter school. We have collected a selection of stories from CSI school staff, parents, and students. Each story highlights what charter schools and choice mean to them. We want to hear your story! What does your charter school mean to you?
